Subject: patent application 10/735,333 filing date 12/12/2003 – Request for
consideration of reply received in your office on Feb 22, 2010 to be in time.

Reference: your letter dated 07/28/2010.

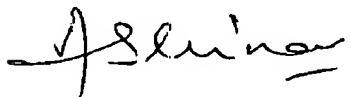

Dear Sir / Madam:

With reference to your letter dated 07/28/2010 received by us on September 21st,
2010 (post date stamp on the USPTO mailing envelope is September 17, 2010)
kindly note that though the response to your letter dated November 19, 2009 was
submitted in a timely manner, apparently there was a delay in receiving and
uploading the response in USPTO system. The proof of timely dispatch of the
response may kindly be retrieved in your office by observing the date stamp on
the mailing envelope.

Since there is a delay between the mailing of the letter from our end and
receiving it at your end owing to postal delivery, and further in terms of uploading
in the USPTO system for your view and retrieval, our understanding is that
though the time period begins to calculate from the mailing date from USPTO, it
runs through the date by which we can post the response. As such, since our
response was mailed to you in a timely manner, it is now requested that the letter
received by you on Feb 22, 2010, may kindly be considered as being in time as
response to your office action letter dated November 19, 2009.

I hope that the above clarifications address all your observations. Kindly let me
know if there remains anything that still needs to be addressed, or if you have
any further observations.

Respectfully submitted,

/ABHINAV AGGARWAL/
